**DETECT. ESCALATE. RESPOND. MITIGATE. PREVENT.**

# Benefits

Mitigate Losses and Claims

- Engage your policy holder
- Provide prevention vs reaction
- Increase policy renewal
- Reduce claims and losses
- Reduce vertical risk
- Deter fraud
- Rescue toxic policies
- Access data and Ai forecast
- Reduce liability.
- Reduce moral hazard

**DETECT. ESCALATE. RESPOND. MITIGATE. PREVENT.**

# The solution for your policy holder

Service cost is waived if agree to share data and 24/7 status with the Carrier

- Data driven and sensor-based
- No equipment costs
- Easy to deploy
- Low operational cost
- Fully automated
- Custom escalation
- Reliable connectivity

**DETECT.ESCALATE.RESPOND.MITIGATE.PREVENT.**

# Financial implications

REDUCE LOSSES DUE TO  
WATER LEAKS BY 60% to 90%

Reduce losses-ratio  
Increase portfolio performance  
Reduce claims by 90%  
Starting at \$0.06 p/sqft a year  
No equipment costs  
Fast payback (less than 60 days)

A small blue water drop icon is located in the bottom right corner, above the main slogan.

**DETECT. ESCALATE. RESPOND. MITIGATE. PREVENT.**

# Legal implications

Insurance hires LIKK for loss and risk mitigation service, for selected policy holders. (Service Agreement)

LIKK contacts policy holder and offers LIKK service to policy holder (contract between LIKK and policy holder).

LIKK cost to policy holder is waived if agrees to share data and real time status of the service with its Carrier.

LIKK invoices service fees to Carriers based on policy holders agreement.

# **Operational implications for policy holder**

- Reliable communication system
- No Wi-Fi or Internet required
- Fully automated and monitored
- Equipment upgrades included
- Tampering notification
- Custom alert and escalation to match current building's protocols
- Access to data and analytics
- Access to real time status of equipment and services from all policy holders
- Optional shut-off valve

**DETECT. ESCALATE. RESPOND. MITIGATE. PREVENT.**

A small, stylized icon of a water drop with a circular arrow inside, located at the bottom right of the slide, next to the main slogan.

# Data Sample Report and analytics

## The hardware

### SENSORS:

- 2 x 2 inches, 3/4 inch tall
- Lithium battery (5-7 Years of life)
- RF 433 MHZ secure communication
- High and low detection probes
- Motion sensor and alert
- On/off tamper notification
- Low battery alert
- False alert deterrent algorithm
- LED status indicator and test button
- Audible alert
- FCC and Rohs certifications

### HUB:

- Wireless SIM communication
- Plugin power with backup battery 18 hrs
- Slick an minimalist design
- On/Off and power/battery notification
- 4000 sqft. of range up to 90 sensors
- FCC and Rohs certifications
- Remote upgrades and service

**DETECT. ESCALATE. RESPOND. MITIGATE. PREVENT.**

# A proven solution

Zero insurance claims related to water leaks

Over 3000+ Alerts in 2020

Zero Insurance claims

42,000+ sensors active

\$27M in potential losses avoided

**DETECT. ESCALATE. RESPOND. MITIGATE. PREVENT.**

The "Next steps" section header is positioned on the left side of the slide. It consists of a vertical blue line to the left of the text "Next steps", which is written in a bold, black sans-serif font.
